# DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody will Know.

Gray hair, however handsome, denotes advantages of a poutful appearance. Your hair is your charm. It makes or mare the face. When it fades turns gray and least day, vispy and strangily, just a least day, wispy and strangily, just a least day wispy and strangily, just a least down the hour or get from any drug store a 50-cmt bottle of "Myeth's large and Shiphur Compound."

Thomands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff; stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens the hair beautifully and evenly. You mouth through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advt.
